## **Hi-Tech leather jacket**

The Hi-Tech leather jacket blends the safety of a technical item with the design of a fashionable one. Made in cowhide, this jacket has composite protectors on the shoulders and elbows, a fixed sanitized lining and a removable thermal lining in micro-down that makes this jacket perfect year-round. The fit is made to accommodate all the needs of a biker thanks to the elasticized fabric inserts on the armholes and adjustable hip fastenings. While safety is key in this jacket, Ducati never forgets style - the black background is contrasted by the white stripes across the chest, back and sleeves where the Ducati logo and the Italian flag are highlighted. Don't let this get away!

## **Nero leather jacket**

After the great success of the '80s items, Ducati is proposing this new Black line for everyone that wants a modern, but classic, look. The Black jacket has a simple, clean feel with two white stripes along the sleeves and the Ducati logo in the front, on the right sleeve and on the back that stand out on this black jacket. Made of cowhide with CE-approved removable protectors on the shoulders and elbows, a sanitized non-removable lining and fit for the G2 back guard, this jacket is made even more comfortable thanks to the stretch panels on the shoulder blades, the adjustable hip fastening and the zippers along the wrists. Sizes 56, 58, and 60 are cut for a comfortable fit.

## **Air fabric jacket**

This cloth jacket, a mix between cordura and breathable cloth, features a clean, essential design. Two red bands with white highlighting stand out on the black sleeves with the Ducati logo in white on the chest, left sleeve and the back. Made of 100% breathable fabric with rigid elbow and back protections and fitted for a back guard insert, this jacket also features reflective inserts.

## **Monster leather jacket**

The key garment of this new Monster line is made of soft leather, enhanced with patches of the distinctive elements of the new motorcycle that characterise this entire clothing line. Both the men's and women's versions have red highlights against the elegant, yet tough, contrasting black and white background.

The men's version is black with white inserts while the women's version is the opposite, white with black inserts. Both garments have three front pockets, wrist zippers and adjustable hip fastenings.

## **Flag leather trousers**

These 100% breathable pants are perfect for anyone looking for safety and style in all riding conditions. With CE approved composite protections on the shins and knees and the classic Italian band of red, white, and green across the left knee, these pants are truly something to be noticed. Topped with a jacket-to-pants zipper attachment, these pants were created for all devoted ducatiisti!

## **Stripies full-face helmet**

Aggressive graphics for an aggressive helmet. The Stripes helmet sports a red central band with the colours of the Italian flag on the side. This Arai helmet has an outer fiberglass shell, strong but lightweight with a hybrid multiple density foam EPS liner for the most comfort. Practicality is guaranteed through the visor, which unhooks by pressing a small lever, and the air conductor intake which allows an efficient inlet of fresh air into the top section of the helmet while the air conductor outlet draws out hot air and moisture from the inside of the helmet. Other relevant characteristics include the external supports built into the shell that provide improved aerodynamics and a quiet ride, the racing closure with D-ring fastening and a button to secure the strap, and rigid reinforcements at the base and in the area of side vents to guarantee maximum safety.

### **Monster open face**

This open face helmet is practical and light – perfect for city driving in complete safety. There is a polycarbonate shell with a removable and washable interior, a neck roll with a zipper for multi-seasonal use, top ventilation and a micrometric shield-changing system. The scratch proof polycarbonate visor with CE certification provides perfect resolution.

### **Motard leather gloves**

A truly unique style has been used in the development of the Motard gloves with a short fit and a Velcro-adjustable cuff strap. Available in two different colour schemes, red/white/black and black/white/silver, these leather gloves have multistrata, carbon fiber composites for knuckle protection and soft inserts on the knuckles and fingers to ensure the safest driving. The elastic leather inserts on the back of the hand, reflective inserts, a cowhide plam with abrasion-resistant reinforcements and soft pads to distribute load during breaking complete the many comfort and practical aspects of these gloves.

### **Monster sweatshirt**

This dynamic hooded sweatshirt with a stamp all over has a comfortable fit in 100% cotton for him and a more feminine fit in elasticized jersey for her. This garment has minimal details with front zippered pockets, red Ducati embroidery on the wrists and the distinctive patches of this line in lurex for the women's version.

### **Monster sweater**

This zippered cotton sweater comes in a bicolour version for men and a timeless black for women. These two models are both perfect for those that love to wear their passion discretely
