

HyperPop-up Beauty Ring

Note: To be made on 6160-T6 Aluminum. inner diameter is based on the thickness of the o-ring around the base of the Tolle cap. The top ring of the Tolle cap is be milled back to the edge of o-ring first. There also seams to be some variation in the tank covers. I cap indent area does to be exactly the same manufacture to manufacture, or even piece to piece from the same manufacture.
